

TIPS & TECHNIQUES:

Tree with owl feature

Create your own tree feature in a few simple steps

You will need: Paint, paint brushes, a tape measure, a large ruler, a pencil or chalk, masking tape, and wall stickers (optional).

Walls
White on White

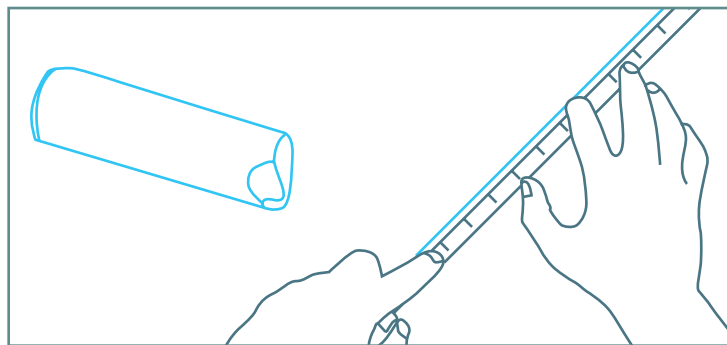

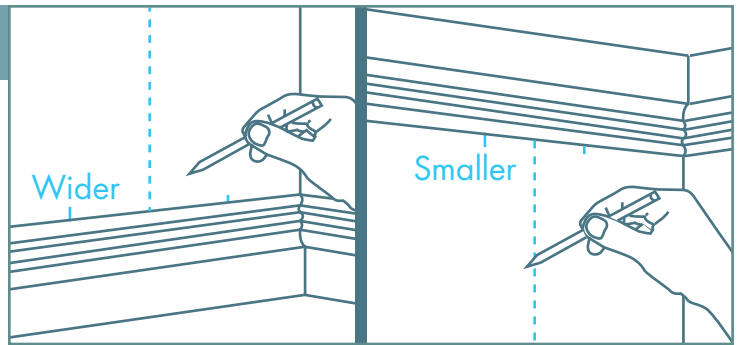

Front tree
Outrigger

Middle Tree
Bosco Blue

Back tree and door
Airborne

Step 1

First, measure out where you want your trees to start and end at both the bottom and top of your wall. The trees are straight lines where the bottom of the trunk is wider than the top.

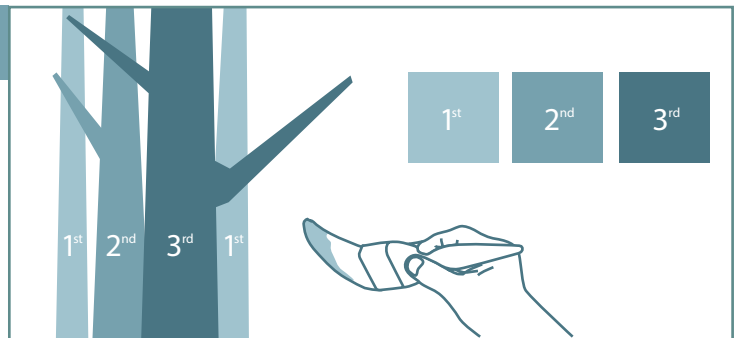

Step 2

Using a piece of chalk and measuring tape, draw the lines from corresponding points top and bottom to give you the outline of the trees. Next measure out where you would like branches to be and mark lightly on the wall with grey lead or chalk, you can use a large ruler to mark these out.

Step 3

Mask your lightest colour tree first and paint in your chosen Dulux colour; when this tree is dry, gently remove the masking tape and move onto the next shade. Repeat, finishing with the darkest coloured tree.

Dulux

Dulux Customer Service 13 25 25 Our site www.dulux.com.au

Remember, only Dulux paint is formulated for tinting to the exact Dulux colours you select.

Tree with owl feature

Step 4

When the paint is dry, add a wall sticker/decals for the leaves and birds or you can try paint them yourself.
