TIPS & TECHNIQUES:
Scallop feature wall

Create your own scallop pattern on a feature wall in a few simple steps.

You will need: Three paint colours, paint brushes, stiff paper or card, a ruler, spirit level, and a pencil.

Scallop centre **Beige Royal Quarter** A192	Scallop highlight **Pearl Gardenia Frost** in Design Pearl

Step 1 - Prepare

Choose three complimentary Dulux colours for the main scallops, feature scallops and scallop outline.

Print the Dulux scallop template on to a sheet of A4 paper or stiff card and cut where marked.

Step 2

Using a spirit level and a ruler, lightly draw horizontal lines across your wall at 15cm intervals.

Step 3

Starting at the lowest line, use the template to lightly trace the shape onto the wall along the lowest line. Repeat this step along the length of the wall.

Step 4

On the second line, repeat the previous step, but this time, start the template at its midpoint – which is marked.
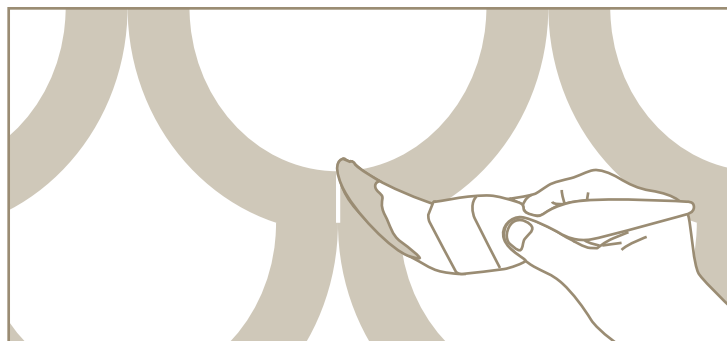

Step 5

On the third line, repeat this process, but start at the edge of the template, as per Step 3.

Step 6

Using a small brush, paint the scallops in both your main and feature colours.

Step 7

Finally, use a small cutting in brush to paint the space left between the outlines around your painted scallops.
